

Concordia Village IV Affordable Rental Housing

Integrated Housing

Concordia Village IV is an integrated affordable rental housing project managed by Eden Health Care Services (EHCS). All suites are either median market rents or rent geared to income. Tenant selection is managed through a screening committee comprised of management and community representatives. The apartment community is designed to support individuals and families in need of safe, affordable housing. Some suites provide full mobility access and all suites are built to visitable standards. The integrated philosophy encourages positive community building as a primary objective of both property management and the tenant population. Some residents in the new building will be clients of EHCS and will be receiving supportive services designed to assist with the activities of independent living.

Eden Health Care Services is a faith-based non-profit registered charitable organization with its head office located in Winkler, Manitoba. It encompasses an acute care mental health treatment facility, housing services and supports, counselling services, as well as vocational assessment and training for individuals with employment barriers. EHCS is owned and governed by the Mennonite Churches of Manitoba and works in collaboration with Regional Health Authorities. More information on EHCS is available at www.edenhealthcare.ca.

Vision... That people on the mental health journey experience hope, healing and community.

Mission... To respond to the community by providing a range of services that will empower persons with mental health needs.
